## SUMMARY

As a passionate Flutter developer, I specialize in creating seamless and visually appealing cross-platform applications. With a focus on user-centric design and efficient coding practices, I bring a solid foundation in Flutter development. A quick learner and adaptable team player, I am committed to staying current with emerging trends in mobile development to deliver innovative and high-quality solutions.

## EXPERIENCE

### Flutter Developer

LevelX 02/2023 - Present calicut, india

I built and managed fast, responsive Flutter mobile apps, collaborating closely with teams. Using Dart, I coded efficiently for smooth development and fixed bugs through thorough code reviews to maintain stability. I also stayed updated on the latest tech trends to improve my skills.

## PROJECTS

### Resto Application

02/2024 - Present

Flutter-based restaurant app for admins and delivery personnel. Features include order management, menu updates, delivery tracking, and possibly payment handling. Aims to streamline restaurant operations and enhance delivery experience.

### Movie Application
